Learings
General
Seperating Questions from Opinions
Dividing Problem-from Solutionspace
quick decision ≠ consentfull => methods matter
different decision making characters → louder, calmer
not continuing but listening
variety of methods suited for different situations
you can't satisfy every-one
systemic consens ↳ voting + consent
mindful observing + experimenting
?
is an ok-ish version better or one that is good for most?
hidden agendas ↳ how to deal w it?
challenging resistance?
Consent
really structured talking circles
others have similar struggles
find clarify → ask questions
Systemic consensing
getting a first common understanding
requirements are helpful
why is the resistance here?
What could we do to make a NO to a YES!
